DETAILED ACTION

Allowable Subject Matter

1. Claims 1-6 are allowed.

Applicant's invention is drawn to the present invention relates to a method of wireless communication system determination (SD); and, more particularly, to a method for determining a wireless communication system by selecting a wireless communication system having higher priority from a group of available wireless communication systems without considering a corresponding service region of the wireless communication system.

Applicant's independent claim 1: The present in invention is directed to a method for selecting a wireless communication system as define in the specification (paragraph 0020-0035), independent claim identifies the uniquely distinct feature "if there are any available wireless communication system having identical system type as a result of the determining, selecting a wireless communication system having highest priority in the PRL by searching wireless communication system in the first service area and a plurality of second service areas neighbored to the first service area and comparing priorities of wireless communication systems in the first service area and second service areas; and if there are not any available wireless communication system having identical system type as a result of the determining, selecting a wireless communication system having highest priority in the PRL by searching wireless communication system in a plurality of second service areas neighbored to the first service area". Applicant's

independent claim 1 comprises a particular combination of element, which is neither taught nor suggested by the prior art.

Accordingly, applicant's claims are allowed for these reason and these reasons recited by applicant in amendment filed on 3/31/2006.

Any comments considered necessary by applicant must be submitted no later than the payment of issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
